

## What you can do in your own home--

Come when you please.  
Go when you please.  
Eat when you please.  
Eat what you please.  
Have company when you please.  
Have for company whom you please.  
And a lot of more good things.

And it's just about as cheap to have your own little home as it is to pay board for two and rooms for two, or to live in the so-called "light housekeeping" rooms.

Don't feel a bit bashful about coming in and talking things over. Other couples are doing it every day—and they're glad they did. Come in and let us show you a complete stock of house furnishings at prices that will please you.

### TALK OF THE TOWN

Visit Abbott's millinery department. New plaid hair ribbons at Pitts.

See Abbott's line of spring suits.

W. E. Gilbert of French street returned home yesterday, after passing a few days in Burlington.

Ellen Nye Lawrence, teacher of piano, at 99 Elm street, every Thursday. Headquarters at Plainfield—adv.

Private Thomas E. Nelson of Camp Dix is passing a few days' furlough at his home on Merchant street.

Miss Ruth Sowden of Tremont street has returned home after passing a few days with friends in Burlington.

Miss Louise Dasher of Washington street has returned home, after passing a week with friends in New York City.

J. H. L. Carr, who has been seriously ill at his home on Liberty street, was able to drive down street yesterday for the first time since his illness.

Beatrice & Duncan wish to announce their millinery opening, to begin next Wednesday, and to continue until Saturday. Ladies are cordially invited—adv.

Joseph Charley of Prospect street, the manager of the Vermont fruit wholesale concern on Granite street, left this forenoon for Montreal, where he will spend a few days on business.

Mr. and Mrs. Arthur Manson, who have been spending a wedding trip of a week with friends in Port Henry, N. Y., returned to the city last evening.

Mr. and Mrs. Manson will reside on Circle street.

Barre lodge, N. E. O. P., realized a considerable sum of money from the sugar party held in Odd Fellows hall Saturday evening. The sugar came from the orchard of A. T. and A. L. Smith and was of excellent quality.

Proceeds of the flag raising exercises in Clam Gordon hall Friday evening are to go toward a tobacco fund which the clamsmen are creating for the benefit of the members who are with the colors.

The committee in charge of the affair announces that the exercises will begin promptly at 7 o'clock in order to permit the dance to get under way at a seasonable hour. City Clerk James Mackay will speak at the unfurling of the clan's service banner and there will be several singers.

A derailed flat car in the M. & W. R. yard north of Granite street hindered operations to some extent through the week end, although repairs were completed in time to allow traffic to take its usual course yesterday. The car, heavily loaded with rough granite, left the yard Saturday night. Before it came to a stop, several rods of ties had been torn up and the road bed badly disturbed.

All day Sunday a wrecking crew from Montpelier worked on the car and section men succeeded in restoring the track and ties before night. The flat car was undamaged.

If the aldermanic fire committee does not frown on the plans he has completed, G. A. Paquet expects to begin work within a few days on a public garage, to be erected near his blacksmith shop on Summer street. The building will be located in rather close proximity to the barn which Paquet Bros. enlarged into a workshop and garage a few years ago. It will be two stories high, with lateral dimensions of 50 and 45 feet. Wood is the construction material contemplated, and there will be a fireproof room. Provision is to be made for a machine shop, with ample space for parking or storing cars. The fire committee to whom Mr. Paquet's application for a building permit has been referred, will investigate the site within a few days.

A steady influx of cars in the past fortnight has done much to relieve the tension in the granite manufacturing circles, where the accumulation of finished memorials held back because of adverse shipping conditions threatened serious results. Already many manufacturers who had despaired of relieving shed congestion until after April 1 have shipped their last piece of finished granite and are working busily on spring orders. Others upon whom finished work had piled up rapidly since the first of the year have received as many cars as they could handle conveniently and have little to worry about.

Last week more than 150 cars were received over the M. & W. R. railroad and the alacrity with which the shippers obeyed the order to load as rapidly as possible resulted in early shipments. Beginning yesterday shipments will be almost continuous until the stock of finished work is practically cleaned up.

## Slender, Youthful Coats and Suits

That is what fashion calls for and what the best trade demands. That is what is expressed to the utmost in our new coats and suits. Here are dozens of charming models, slender, youthful, and with special tailoring, features that mean real thrift.

The new spring dresses are models along the same youthful lines that appeal to the good taste of every well dressed lady.

Silks have not advanced in price as much as wools. The government asks us to use silks and save cotton and wool. We want you to see our unusual large line of such dress models.

Copyright 1918 by The Wooltex Designers

### A Few Easter Suggestions

This is the week when every lady must prepare for EASTER. She will want many little accessories to complete her wardrobe. You will want a new pair of Gloves to go with your new suit or to dress up your old one. Our line is now complete, both in the Kids and Silks.

Here you will find a large and complete display of the new Collars. These are shown in White and Colors, in a large variety of the new shapes and designs—shapes to fit any suit or dress. There is no small article of dress that adds so much to your coat or dress as a new Collar. We want you to see this line.

Easter Hosiery will be in demand this week, and we are showing a strong line of the season's best and most popular colors. You will want a pair of Silk Hose to match your suit or shoes. Why not make your selection while the line is complete?

Our large showing of Silk and Muslin Underwear will be of interest to many. This is a line that for quality and price has no equal. The workmanship and finish are the best. Here are the qualities and styles for all.

### Ladies' Tailored Suits and Coats

You will want your new Suit for Easter Sunday. Why not come in the first of the week and make your selection from our large line of the season's best and most up-to-date models?

As to standard of quality and finish and quality, we would refer you to the Printzess and Wooltex makes. You will hear people say this suit or this coat is just as good as the Printzess. Did you ever stop to think what they mean by this expression? It means that the Printzess and Wooltex are the standard of perfection in style and quality. We want you to see our large showing of the new Suits and Coats. Come in as early in the week as you can, so as to give us plenty of time to make the alterations necessary before Saturday. Remember, this will be a busy week in our Alteration Department.

### Our Millinery Department

This department demands your attention this week. Every lady will want to look over the new models and get acquainted with the new Spring Hat shapes. Every day this week will bring new Ready-Made Hat Models into our department. We had one of the busiest Saturdays last week that we ever had so early in the season.

We have a large quantity of new models coming into the department the first of the week. We want you to see this, the largest line of popular Ready-Made Millinery in the city.

In the Children's Department, we can give you a line of fifty dozen to select from. See the line and be convinced.

## The Daylight Store

### TALK OF THE TOWN

Abbott's line of coats is complete. A regular meeting of St. John's court, C. O. F., will be held Wednesday evening at 7 o'clock.

The millinery opening of Mrs. E. A. Witham will be held Wednesday and Thursday, March 27 and 28. Ladies are invited—adv.

John Muir of Bassett street is detained from his duties at the Montpelier & Wells River freight office, being confined to his home by illness.

Students at Goddard seminary are putting the finishing touches to the annual minstrel show, which will be given Thursday evening at 8 o'clock in the Goddard hall. The proceeds of the event, for which a large number of advance tickets have been sold, are to be donated to the baseball team.

Speculation over the place for staging the game which will decide the interscholastic league championship between the Burlington and Spaulding high school teams has been completed. The choice of the gymnasium for staging the encounter seems to rest between the armory at Montpelier and the Peoples academy gymnasium at Morrisville, the latter team having offered their "gym" as a neutral floor for playing the contest. It is probable that the game will be played next week, as the management of the two teams are anxious to take advantage of the opportunity offered by the Easter recess.

See Abbott's line of Lids for Kids. A daughter was born in Montpelier yesterday to Mr. and Mrs. Leon McAllister of Williamstown.

Before a sizeable gathering in the assembly hall at Spaulding school last evening Miss Hazel Lyon of the faculty gave an interesting repertoire of readings from Riley and Tagore.

There is no room for question as to the honesty and effectiveness of relief distribution in Asia Minor. All authorities agree in substance with the typical statements of two American consuls, who affirm: "Every dollar contributed for the relief of suffering Armenians and other Christian people in the Turkish empire will reach the persons for whom it is intended, and no part of such funds will fall into the hands of others." The 120,000 or so dependent persons in any consular area have no other resources for bread and once the relief (from America) stops, these people will disappear from the face of the earth."

For sale by all druggists. Eckman Laboratories, Philadelphia.

Full line of stockings and collars at Abbott's.

William R. Farquharson of West street is confined to the house with an attack of heart trouble.

Allan McLean of Boynton street, who has been employed in the Orford, N. H., lumber woods for several weeks, has returned to the city.

See Abbott's line of Lids for Kids. A daughter was born in Montpelier yesterday to Mr. and Mrs. Leon McAllister of Williamstown.
